

2021 MONACO EVENT

19 to 22 May 2021

From	The Stewards	Document	45
To	The Team Manager, Hitech Grand Prix	Date	22 May 2021
		Time	12:19

The Stewards, having received a report from the Technical Delegate, have considered the following matter and determine the following:

No / Driver 7 - Liam Lawson

Competitor Hitech Grand Prix

Time 11:20

Session Race 2

Fact During the start for Race 2, Car 07 was found to have used a throttle map not in compliance with Technical Regulations, Article 3.6.5.

Offence Non-conformity with Article 3.6.5 of the Technical Regulations - Throttle Mapping for Formation Lap starts and Race starts.

Decision Disqualification from Race 2.

Reason The Stewards examined data evidence. They summoned and heard the driver and team representative (Document No 43) and the FIA Technical Delegate.

A defined throttle pedal progressivity map programmed in position 1 of the steering wheel throttle map rotary knob **must** be used during all formation lap starts and race starts until the car speed reaches 50 km/h. Car 07 used a different throttle map at the race start.

Having considered the matter extensively, the Stewards determined that Car 07 was therefore in breach of the Technical Regulations and is therefore disqualified from the results of Race 2.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 10.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
